*¹ Unit without battery, cutting attachment and shield *² With standard 5Ah battery(LBP-50-250)

// 50V lithium ion battery generates greater power for heavy duty performance.

// Brushless motor for long lasting and maintenance free operation.

// Motor positioned along the axis line of driveshaft for optimal balance and comfort during operation.

// ECO mode motor control optimize rpm for longer run time and reduced noise. ECO mode is activated automatically when transitioning between cuts.

// IPX4 water resistant.

// Variable speed control for optimised cutting performance and run time.

// Ultra rapid charger reduces charging time.

// Nylon head SPEED FEED SF400 as standard (2.4mm Black Diamond).

// Ergonomic rubber over-mold front handle provides excellent maneuverability. (Loop handle)

// New design handle fixture for easy angle adjustment and transportation. (U handle)

// Palm rest for comfortable operation. (U handle)
